

A.H. WADIA BOAT BUILDERS

AMBITIOUS
AND *Strong* DREAMERS

A. H. Wadia Boat Builders is located on the banks of river Ambika in Bilimora, Gujarat. The Wadia family started building boats from early 1875, and soon mastered the craft of Boatbuilding. The company is driven by core values i.e., Integrity and Quality.

With an elite experience to build wide range of crafts for Private, commercial, government and fishing sector, we are India's most diverse and leading boat builders. We provide unique solutions, aesthetically clean and elegant designs tailored according to the specific need and applications. Our designs are approved by International Association Classification Societies like IRS and RINA.

The state-of-the-art production facility comprises of a dedicated CNC Metal cutting and machining workshop, Temperature controlled FRP molding room, woodworking shop and boat launch and trial basin. Our robust construction techniques and use of standard approved material means longer life cycle of the vessel, thereby reducing the operational and maintenance costs.

We train and update our team regularly to make exceptionally better products by giving necessary technical support. Our goal is to cater the maritime needs of the Indian subcontinent across all sectors and deliver the best-in-class boats.
